

THIS IS THE DAYWISE VIEW FOR ONE OF OUR EMPLOYEES:

| Cod  | Employees        | 01               | 02               | 03      | 04  | 05  | 06               | 07               | 08      | 09    | 10    | 11    | 12    | 13    | 14    | 15    | 16    | 17    | 18    | 19    | 20    | 21    | 22    | 23    | 24               | 25    | 26    | 27    | 28    | 29    | 30    | 31    |
|------|------------------|------------------|------------------|---------|-----|-----|------------------|------------------|---------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|------------------|-------|-------|-------|-------|-------|-------|-------|
| Saga | Name             | Wed              | Thu              | Fri     | Sat | Sun | Mon              | Tue              | Wed     | Thu   | Fri   | Sat   | Sun   | Mon   | Tue   | Wed   | Thu   | Fri   | Sat   | Sun   | Mon   | Tue   | Wed   | Thu   | Fri              | Sat   | Sun   | Mon   | Tue   | Wed   | Thu   | Fri   |
| 20   | Vinczefti Laszlo | National Holiday | National Holiday | Holiday | -   | -   | National Holiday | National Holiday | Holiday | 10:44 | 08:45 | 06:36 | 02:03 | 12:14 | 14:47 | 10:08 | 08:00 | 09:09 | 01:04 | 05:32 | 08:00 | 08:00 | 08:00 | 08:00 | National Holiday | 07:01 | 05:56 | 09:25 | 11:50 | 09:22 | 11:42 | 10:00 |

FOR EVERY WEEK I AM ALLOWED TO HAVE **MAXIMUM 48 HOURS WORKING TIME**. BUT IF ON ONE OF THE DAYS THERE IS A LEAVE THE WORKING TIME FOR THE WEEK IS 48 HOURS MINUS THE NUMBER OF DAYS MULTIPLIED BY 8.

EXAMPLE WEEK 2:

| 06               | 07               | 08      | 09    | 10    | 11    | 12    |
|------------------|------------------|---------|-------|-------|-------|-------|
| Mon              | Tue              | Wed     | Thu   | Fri   | Sat   | Sun   |
| National Holiday | National Holiday | Holiday | 10:44 | 08:45 | 06:36 | 02:03 |
| 06               | 07               | 08      | 09    | 10    | 11    | 12    |
| Mon              | Tue              | Wed     | Thu   | Fri   | Sat   | Sun   |
|                  |                  |         | 8:00  | 8:00  | 6:00  | 2:00  |

MAXIMUM WORKING HOURS ARE 48 - 24 (THE 3 HOLIDAYS) = 24  
BUT THE TOTAL WORKED IS 28:08  
IN THIS CASE I NEED TO REDUCE THE DISPLAYED WORKHOURS IN THE AUTO COPY OF DAYWISE AND STORE THE EXTRA TIME IN A CELL AT THE END OF THE TABLE  
IT SHOULD REDUCE IT LIKE THIS AND THE **EXTRA 4:08** SHOULD BE ADDED IN A CELL AT THE END OF THE TALBE IN A COLUMN

EXAMPLE WEEK 3:

| 13    | 14    | 15    | 16    | 17    | 18    | 19    |
|-------|-------|-------|-------|-------|-------|-------|
| Mon   | Tue   | Wed   | Thu   | Fri   | Sat   | Sun   |
| 12:14 | 14:47 | 10:08 | 08:00 | 09:09 | 01:04 | 05:32 |
| 13    | 14    | 15    | 16    | 17    | 18    | 19    |
| Mon   | Tue   | Wed   | Thu   | Fri   | Sat   | Sun   |
| 8:00  | 8:07  | 8:08  | 8:00  | 9:09  | 01:04 | 05:32 |

MAXIMUM WORKING HOURS ARE 48  
BUT THE TOTAL WORKED IS 60:54  
IN THIS CASE I NEED TO REDUCE THE DISPLAYED WORKHOURS IN THE AUTO COPY OF DAYWISE AND STORE THE EXTRA TIME IN A CELL AT THE END OF THE TABLE  
THIS IS 48 HOURS. IT SHOULD REDUCE IT SOMEHOW LIKE THIS AND THE **EXTRA 12:54** SHOULD BE ADDED TO THE **04:08** IN A CELL AT THE END OF THE TALBE IN A COLUMN
